

Artila RoHS Compliance Statement

To : Whom it may concern

Product Model : Matrix series box computers

Manufacturer: Artila Electronics Co., Ltd.

Date : January 1, 2015

Artila Electronics Co., Ltd. ("Artila") as a sensible company recognizes our social responsibilities of Environmental protection, and has been taking great efforts to set up environmental management system in order to be in compliance with EU Directive 2004/108/EC on the Restriction of the use of certain Hazardous Substances in Electrical and Electronic Equipment (hereinafter referred to as "RoHS"). This Position Statement declares Matrix seires box computers produced by Artila fully comply with RoHS.

Artila manufactures a variety of products, from Embedded Computer, through Serial to Ethernet Gateway, up to complete ODM/OEM systems. A large number of components are purchased from other manufactures. Despite that, we have performed component control process to make sure certain hazardous substances contained in Matrix seires box computers if any are within the limitation of RoHS threshold requirements. The information provided regarding the material content of Matrix seires box computers is true and correct to the best of our knowledge.

We affirm Matrix seires box computers conform to the maximum values of six main chemical substances prescribed by RoHS which are shown in the below table.

Banned Substances	Maximum Limit(ppm)
Cadmium (Cd)	100
Lead (Pb)	1000
Mercury (Hg)	1000
Hexavalent Chromium (Cr6+)	1000
Poly Brominate Byphenyls (PBB)	1000
Packing Material : Cadmium, Lead, Mercury Hexavalent Chromium, and its compounds < 100 ppm	100

Our RoHS related implementation programs have led Artila onto the cutting edge of IT industry. Furthermore, in order to fulfill our commitment to our customers, we continually monitor all applicable national and international laws and regulations. However for the reason that RoHS implementing details are usually not fully defined and may change from time to time, we define RoHS compliance products which are shown as the above mentioned product model as either (1) below all applicable substances threshold as proposed by the EU or (2) an approved/pending exemption applies.
