

Meet us at Electronics & Applications 2017!

ELECTRONICS
& APPLICATIONS

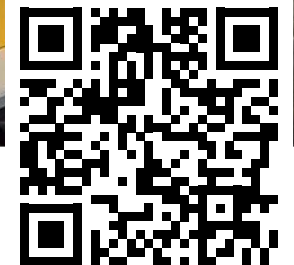

Texim Europe will exhibit at the Electronics & Applications in Utrecht, The Netherlands, from 30 May until 1 June. On our booth you will get inspired by the latest technical developments in the electronics industry.

Many interesting demonstrations are shown in the following technology areas:

- Embedded Computing
- Display & Touch
- Wireless Communication
- Battery & Energy

Get a sneak preview of what we will present at this year's exhibition on:
