

Meet us at Electronics & Applications 2019!

ELECTRONICS
& APPLICATIONS

From 14 until 16 May Texim Europe will exhibit at the Electronics & Applications in Utrecht, The Netherlands. Products and demonstrations from our Wireless, Embedded and Display/Touch technology areas are shown.

Get a sneak preview on:

www.texim-europe.com/exhibition

TIP: LoRa based IIoT Network solution area

We offer all elements (HW & SW) to create and support a LoRa based IIoT Solution optimally designed for your business case. You are very welcome to visit our booth and experience some of our capabilities.

More info can be found on our

LoRa / IIoT landing page
