To all
customers of
HAHN GmbH & Co. KG

Date: 2016-06-20

Explanation with regard to the „Regulation (EU) No. 1907/2006“ of the European Parliament and Council of the 18th of December 2006 for Registration, Evaluation, Licensing and Restriction of Chemical Materials (REACH), published on the 30th of December 2006 in the official EU-bulletin 396/1.

Dear Sirs,

you obtain from us exclusively non-chemical products (transformers, converters, chokes), from those, under normal and wisely predictable use terms, no chemical material can be released. Our products must not be listed, as they are valid as products and not as chemical preparations.

By announcement of the candidate list by ECHA (European Chemicals Agency), the performed chemicals may only be contained in products with a max. weight portion of 0,1%.

We herewith explain that the products delivered by us keep the limit values of the chemicals published up to now by ECHA.
You can take the status of the chemicals/ substances considered by us from the enclosed arrangement.

We will entirely fulfil the demands, which have been made by the REACH-regulations, status 06/2016.

Best regards

HAHN GmbH & Co. KG
