QUICK START GUIDE SIGFOX REPEATER

How to start with your repeater?

- 1.** Register your products (Repeaters only) on sigfox backend.
- 2.** Check the OTG feature on your smartphone by downloading a dedicated app like « USB OTG Checker » for example.
- 3.** Download the sigfox Repeater app on Google Play (Windows version on demand) and follow the instructions for the configuration and installation.
- 4.** For more information: see the dedicated Adeunis website page and download the complete User Guide on:
<https://www.adeunis.com/en/produit/repeteur-2/>
