RAFIX 22 FS⁺, keylock switch SSG10, collar round, frontring metallic silver, 1 x 90°, 1 x 40°, latching / momentary, key removal position 0

fields of application

- > Measurement-control-regulation
- > Electrical engineering
- > Mechanical and system engineering
- > Vehicle construction
- > Handheld terminals
- > Industrial robots

special features

- > Low installation depth 9.2 mm (PCB) or 27 mm (QC)
- Connection types: printed circuit board connection (PCB) or plug-in connection (QC)
- > PCB switching elements minimize mounting errors
- Switching elements with silver contacts (max. 250 V/4 A) or gold contacts (max. 35 V/100 mA)
- > Design adaptation through different front ring variations

description

RAFIX control components are defined by RAFI as modular elements, including of actuator element, coupling if necessary and individual contact or lighting element.

Actuators (such as pushbuttons, emergency-stop pushbuttons, etc.) have the specified tactility, reset and general function only in combination with the appropriate contact elements.

The locking systems we use were developed by renowned lock manufacturers in accordance with the DIN EN 1303 standard. They are open, mechanical systems which, depending on the environmental conditions, require occasional maintenance (e.g. greasing) by the machine or system operator.

We have developed and fully qualified our key switches with RAFI reference keys. Under certain circumstances, plant operators may be using various low-cost key copies or third-party keys whose function and tactility may differ.

Der Schlüsselschalter "SSG10" Ist autorisiert und wird hauptsächlich in industriellen Anlagen für die Automobil-Industrie verwendet. Im Lieferumfang ist ein Schlüssel enthalten.

technical data

> general

Disassembly possible

Scope of delivery Without key

1 Key

Color dark gray Collar color dark gray Front ring color metallic silver

Collar shape round -25 °C Operating temperature, min. Storage temperature, min. -40 °C 70 °C Operating temperature, max. 80 °C Storage temperature, max. illuminated No Packaging Box Packaging unit 2 pcs.

Operating life 50,000 Cycles B10 71,660 Cycles

UL Enclosure Type Rating front type 1 type 4X side MOQ order 2 RoHS compliant Yes

> mounting diameters

Mounting hole 22.3 mm 9.2 mm Mounting depth Installation height 40.6 mm Grid, min. 30 mm Outside dimension, width 29.8 mm

> mechanical data

Actuation function latching / momentary

Operating torque 1.3 Nm 100 N Resistance to force on the side SSG10 Locking position Number of locking positions Key removal position

1 x 90°, 1 x 40° Rotating angle Threaded ring Fixing

Threaded ring torque, max. 1.2 Nm direct links
